

I have been going to this school since seventh grade. I came from a public school in North Upland where the teachers cared very little about their students. They never helped when we needed it, they took no time to guide us in the right path and certainly never took time to learn about the person who wasn't just a student but a human being.

I was shocked when I came to Upland Christian. The teachers here care about their students a great deal; and so does the staff and administration. I could have never have imagined this in public schools.

I have grown up at this school; at my second home with my extended family. I would hate to not be able to come back in twenty years and send my kids to Upland Christian.
