

To whom it may concern,  
I have attended Upland Christian Schools since I was in kindergarten. I am now a senior in high school about ready to graduate. When I graduated eighth grade I went to a different high school other than Upland Christian. This was by far the biggest mistake I have yet to make. I returned to Upland Christian half way through my sophomore year. Since I have returned I have never been so happy. This school is a beautiful place, we are all united as a family under God. Please help us save our Upland Christian family so that later generations may enjoy the same unity that we all experience every day at Upland Christian.

Thank You
